## Don't Vote for Macy.

The paladium of American liberty  
is the ballot-box. Any tampering  
with the rights of suffrage of a free  
people is a crime of the gravest  
character. To deprive a citizen of  
his rights of suffrage is an offense  
which has few to parallel its heinousness.  
Oscar Macy is chairman of the  
Board of Supervisors. He lives in  
the Second Ward of this city, and  
knows how utterly inadequate its  
voting facilities are. Had he done  
his duty a remedy would have been  
devised for the difficulty. He did  
not do so. By his failure to hear the  
plea in behalf of the working people  
of that ward, a large number of them  
were disfranchised, so far as that  
election goes. Those who did man-  
age to get their votes deposited did  
so at the expense of standing three-  
quarters of an hour on the street,  
waiting to reach the polls. Rebuke  
this dereliction in a matter of a most  
grave and important duty. Rebuke  
it with an emphasis sufficiently ac-  
cented to make it heard and heeded  
for a long time to come.

## The Reform Republicans.

Two years ago the cry of reform  
was that upon which the Republican  
party obtained possession of the mu-  
nicipal affairs of this city. The tax  
levy of the city for the year previous  
made under the Democratic rule  
against which the city was raised, was  
\$195,282. If this was extravagance  
and waste the "reformers" might be  
expected to make a less sum suffice.  
They came into power on the pre-  
tenses of more progressive, wise and  
good government. One of their first  
acts was to raise the tax levy to \$205,  
176. This is an advance of fifty per  
cent in the Democratic levy. Their  
second years' tax levy was at the rate  
of \$1.60 per \$100, on a valuation of  
about \$18,000,000, or nearly the same  
as the year previous. For so great  
an increase surely there should be  
something to show—that there is  
if there is anything more  
than the "hole" at the corner of  
Spring and Second streets, the Re-  
publican press has been challenged  
time and again to point with pride to  
it, and they have ignominiously failed  
to take it up. It is claimed that the  
larger city of to-day costs more to  
govern than the smaller one of two  
years ago. The police force is larger,  
but the high license pays for that ex-  
tra expense. All the revenues of the  
city are larger—sufficiently so to  
bear any natural increase of expense.  
The present Republican city govern-  
ment is now in a tangled web of diffi-  
culty about the new city hall. This  
is the second snare of the financial  
Ariadne in which the city Solons  
are taken over this matter. The  
bonds have been sold. They are  
drawing interest. The funds are in  
hand. Why not go on with the work?  
If the city is to have a hall her voters  
must simply elect a Democratic gov-  
ernment to-day.

W. R. STEPHENSON is in the field  
for the office of Assessor. Make no  
mistake about it. He has not with-  
drawn, and he will be elected.

B. COAN, the Democratic nominee  
for Tax Collector, in an interview  
with a HERALD reporter, which  
is on our first page to-day, scores Re-  
publican "reform" extravagance in  
fine style. Read it.

THIRD WARD voters can make no  
mistake in voting for Fred. Morsch  
for the Council. Mr. Morsch is a  
citizen of long and honorable stand-  
ing in the community. He is enter-  
prising and successful in business,  
and he will make an excellent coun-  
cilmans.

FRENCH was at one time in the  
Council. Read in the HERALD to-day  
how he replenished the family wood-  
pile. This is one of the reasons why  
the Times, a Republican paper, op-  
poses his election. The matter ap-  
peared in the columns of that paper  
at the time of its occurrence.

See that the name of P. Ballade for  
City Treasurer is on your ticket.  
There is a bogus one in the field with

Macy's name on it. Cast your vote  
for Ballade, a thoroughly honorable  
man, a man of popular instincts and  
of tried integrity. See that Macy is  
not elected. He is responsible for  
gerrymandering the Democratic pre-  
cincts at the recent election.

W. T. LAMBE served in the city  
council before. He did so with credit  
to his clients and advantage to the  
entire city. He is the nominee from  
the First ward, and against a man of  
no experience, and little or no other  
qualifications—at least none that is  
known. The First ward will elect  
Lambe another time as they did be-  
fore.

Our candidate for City Attorney,  
Mr. Wicks, is specially fitted to ad-  
vise the Council in legislative mat-  
ters. He filled the position of Chair-  
man of the Judiciary Committee of  
the Arizona Legislature in 1882 with  
great skill and credit. The City At-  
torney should be both an able law-  
yer and a live, practical man. Mr.  
Wicks' untiring industry and push  
is just what is needed.

DEMOCRATS in any part of the city  
can hardly vote for Oscar Macy and  
retain their self-respect. His neglect  
of duty—to put it mildly—deprived  
two hundred and fifty voters in the  
Second ward of their rights of suf-  
frage in the recent election. There is  
no doubt it was done to carry the  
city for his party. Let not this of-  
fense go unwhipped of justice. Re-  
buke it at the polls.

MOYSE WICKS is a young lawyer of  
the highest attainments in his profes-  
sion. He is a man of spotless char-  
acter in all the walks of public and  
private life. If the voters want  
ability and integrity in the office of  
City Attorney they will vote for him  
to-day. There is not a lawyer before  
the bar of the county, nor a judge on  
the bench, who will not say for Mr.  
Wicks.

JOHN WEBBER, the Democratic nom-  
inee for the Council from the Fifth  
ward, is by all odds the fittest man  
for the place. He is well posted in  
all matters appertaining to the inter-  
ests of his constituents. He is a prac-  
tical irrigator, and that is what the  
Fifth ward is largely interested in.  
Elect Webber and he will take care  
of this matter with the wisdom of an  
experienced and with the energy of  
one who has a stake in it.

BEFORE casting your vote for the  
Republican nominee for Mayor, as-  
sure yourself if Dr. French has any  
qualifications, literary, business, or  
otherwise to fill the place with credit  
to the city. Los Angeles is a large  
and rapidly growing place. Thou-  
sands of the most intelligent people  
of all lands visit us yearly. Would Dr.  
French reflect credit on the city as  
her chief magistrate, in an encounter  
with such guests of the municipality?

REPUBLICANS who wish to vote for  
Dr. French should read Contractor J.  
V. York's opinion of that gentleman,  
which will be found elsewhere in the  
HERALD to-day. York says he bases  
his opposition to French on what he  
knows of him in a business way as a  
member of the Board of Public  
Works when French was in the Coun-  
cil. York is a Republican, and  
would not oppose the party nominee  
for light reasons.

THE two Democratic aspirants for  
Aldermanic honors in the Fourth  
ward, Judge S. J. Beck, and Jos.  
Hyams, are excellent men, good citi-  
zens in all respects, intelligent,  
versed in affairs, and altogether cal-  
culated to serve the city excellently.  
The voters of that ward will certainly  
show wisdom in electing men of so  
much experience, of acknowledged  
integrity, and with sufficient interest  
in the good of the city to attend to  
the business of the office.

THE Board of Education is an ex-  
ceedingly responsible position. The  
city Democracy, time out of mind,  
have been noted for the good men  
they have elected to this position of  
trust. The nominees for the place  
to-day are quite up on this tradition-  
ally high plane of excellence. Mr.  
C. P. Thurston is a gentleman in all  
ways qualified to watch over our free  
educational institutions. Mr. E. C.  
Boshyshell is no whit behind the best  
man in the proper qualifications for  
the duties of the School Board.

W. R. STEPHENSON, the Democra-  
tic nominee for City Assessor, is an  
industrious and intelligent young  
man, successful in his own business,  
and thoroughly competent to dis-  
charge the duties of the office he  
seeks. His opponent is the present  
incumbent. He has assessed the  
property of the city. He has there-  
fore been weighed in the balance, and  
he has been found wanting. The  
gross inequality in the assessment as  
it stands to-day, is something too no-  
torious to need much comment. The  
tax-payers are on to it, and will act  
on it.

THE Second ward Democrats made  
most excellent selections when they  
put up M. T. Collins and M. Teed  
for the Council. Teed has done good  
service for the city in time gone by  
as a councilman. He is a well known  
citizen of good business habits and  
broad views, founded on experience  
in affairs. Collins is also a success-  
ful business man, whose interest in  
the good government of the city, as a  
personal proposition, is large. Both  
men will serve the city with wisdom  
and integrity. In the Second ward  
their majorities will be very large.

Be sure you vote the right ticket. If  
in doubt, read the list of names at the  
head of the fourth page of the Herald  
to-day.

Be sure you vote the right ticket. If  
in doubt, read the list of names at the  
head of the fourth page of the Herald  
to-day.

Cast your vote for Mayor for W.  
H. Workman, an old-timer, who has  
had a great deal to do with the de-  
velopment of the city. Mr. Work-  
man began life as a hard working,  
honest printer. He has been indus-  
trious, progressive, wise, in all the  
enterprises of his long and useful  
life in Los Angeles. He is a man of  
affairs, he is a successful man. His  
mark is left upon the city for all time  
to come, in a manner highly honora-  
ble to him. He will administer the  
affairs of the city with great, good  
wisdom, and to the advantage of  
every dweller within her gates.

Our nominee for City Attorney is  
eminently qualified to fill the position.  
Mr. Wicks is a gentleman of  
classical education, scholarly attain-  
ments and very superior business  
qualifications. His experience has  
been such as to specially fit him for  
the place. He enjoys a large prac-  
tice, attracted by his energy and de-  
votion to the interests of his clients.  
He is recognized by the bar as most  
learned and accomplished lawyer.  
With his services secured to the city  
it will be unnecessary to employ spe-  
cial counsel at enormous fees, as has  
been the practice in the past.

Be sure you vote the right ticket. If  
in doubt, read the list of names at the  
head of the fourth page of the Herald  
to-day.

B. COAN, the nominee on the Demo-  
cratic ticket for the office of Tax  
Collector, is one of the very best pos-  
sible men in the city on municipal mat-  
ters. He has served in the Council,  
on the Board of Public Works, and  
his action there was always marked  
with a comprehensiveness of grasp  
and intelligence very remarkable. As  
Tax Collector he will serve the peo-  
ple with faithfulness, and with a per-  
fect knowledge of the duties of the  
place. Coan is known here as one of  
the most accomplished men in the  
town in all municipal affairs. He  
will poll a very heavy vote—suffi-  
cient to leave his Republican competitor  
far in the rear.

Be sure you vote the right ticket. If  
in doubt, read the list of names at the  
head of the fourth page of the Herald  
to-day.

# MONTE VISTA

## THE MOST ATTRACTIVE COLONY IN SOUTHERN CALIFORNIA!

BECAUSE IT HAS

## A Perfect Climate! The Best of Soil! The Greatest Abundance and Purest of Water!

### And the Most Delightful Situation of Any Tract of Land on the Coast!

Fogs do not smother;  
Frosts do not blight;  
Scale does not bother,  
And the dollars are in sight,

—IN—

BEAUTIFUL, HEALTHY MONTE VISTA

## MONTE VISTA

Is situated twenty miles by road a little west of north of Los Angeles City, between the Verdugo mountains and the main chain of the Sierra Madre, and embraces the entire valley between them. It is six miles east of San Fernando, and four miles west, on the western slope from Crescenta Cañada. The S. P. R. R. is four miles distant and a fine road has been constructed by the new Monte Vista Land and Water Company from the town to the station of Monte Vista, bringing Los Angeles within one hour's ride of this most delightful colony.

THE MONTE VISTA TRACT comprises an area of about 2300 acres of rich sandy loam soil. Of the entire acreage 1300 acres are first-class irrigable land, having a gentle slope to the south and west. About 500 acres are upon the hillsides and classed as non-irrigable land, although the soil is equally good and a very large percentage is capable of cultivation. The remainder is rough land, suitable only for forest trees. Nearly all the lower grade of the Monte Vista is on the north side of the Verdugo hills, which form the boundary of the tract. While the land is rolling it contains innumerable springs of pure water, which, with a little trouble, can be developed to such an extent that the owners are independent of the water supply of the colony. The division of the tract, aside from the town site, is chiefly in twenty-acre tracts, having a broad avenue on the four sides of each forty acres; less than twenty acres are sold to suit the means or desires of purchasers.

The town originally comprised forty acres, to which the new company have added additional forty acres, which are sold in building lots 50x150, and villa lots of one acre each. In the center of the town plat and including about ten acres is the famous live-oak grove which for more than half a century has been known as TUJUNGA PARK. The company are now improving this, the finest of live oak parks in Southern California, and intend to make it one of the loveliest spots

in the State. There is no day in the year and no time in the day when a delightfully cool breeze, gentle and refreshing, is not perceptible here. Fifteen to eighteen hundred feet above sea level and protected by the great mountain chain of the Sierra Madre on the north, walled on the south by the Verdugo Mountains, and on the east by the great divide connecting the two chains, FORTUNATE MONTE VISTA is free from blighting frosts, settling fogs, or the hot winds prevailing in many places in the country. All this means health, wealth and plenty.

### MONTE VISTA FOR HEALTH.

If there is a cure for disease in pure, dry air, pure, clear, soft mountain water, warm, sunny days, cool, delightful nights, delightful surroundings, good accommodations, excellent care and attention, then Monte Vista should be the Sanitarium of the World.

### PRACTICAL MONTE VISTA.

The soil of Monte Vista is a very rich sandy loam, and in places gravelly loam. It is deep and warm and retentive of moisture; so that, even if there was no water excepting the natural rainfall, it would be capable of growing every known fruit grown in California.

### THE MAGNIFICENT WATER SUPPLY

Of Monte Vista is sufficient for ten times the irrigable land in the tract, and the probabilities are that one-twentieth of it will be sufficient for all purposes. WATER, SOIL, ELEVATION and CLIMATE for the Orange, Lemon and Lime. Every requisite that can be desired for perfect, large, clean and highly-flavored fruit. Soil and climate for the highest degree of development of the FIG, which is destined to be one of the most important of California's fruit products. RAISIN GRAPES have grown to absolute perfection, and there is every requisite of climate for their perfect curing without interference of fogs or rain. Climate and soil for the early and perfect maturing of the OLIVE, one of the most valuable products of the State. Forty acres in one tract now growing in Monte Vista will challenge the admiration of every one who understands the exacting conditions required by this fruit. Elevation and soil for the growth and maturing of APPLES and PEACHES, PRUNES and PLUMS, APRICOTS, NECTARINES, and the most difficult of all fruits, the ALMOND. Soil, elevation and climate for the absolutely perfect WINE GRAPE. No land which possesses all of the exacting conditions which are found in Monte Vista exists elsewhere in Southern California. One place lacks climate, another water, another genial situation and another all combined. While we have named the above special adaptations, we have reserved the most important to the last. For Monte Vista we claim that it will within seven years be shipping to the markets of San Francisco the

### FINEST CHERRIES GROWN ON THE COAST.

We claim that it possesses every requisite of soil, climate and situation for the growth of the PERFECT CHERRY, which is worth per acre three times as much as the orange, five times as much

as the grape, and ten times as much as the apple, while the cost of cultivation is less than either of the two former. In short, Monte Vista has every requirement for people of means who wish to make money by growing fruits, and in the near future the finest packed goods, canned and preserved goods of all kinds, will be grown and prepared in Monte Vista and be a source of health to those engaged in the business.

### IMPROVEMENTS BEING MADE.

The Monte Vista Land and Water Company, since they acquired the property in July last, have built three miles of road to the San Fernando valley, opened fourteen miles of street sixty feet wide, handsomely furnished the present hotel building, and now have fifty thousand feet of lumber on the ground for the erection of an elegant hotel, which will equal anything in the State in comfort for its guests, excellence of the table, etc. All the company's lands now cleared will be put under the highest state of cultivation possible. A two-thousand-dollar subscription for a church is well under way, half a dozen cottages are already engaged to be built during the winter, and many other improvements are under way.

### MONTE VISTA THE ROMANTIC.

From the head of Summit avenue, looking westward, the entire tract of Monte Vista, including the beautiful Tujunga Park, is in full view; the Verdugo hills, the San Fernando mountains, the great wash of the Tujunga, San Fernando town and the eight by twenty miles of wheat fields of the San Fernando valley lie directly under the eye. From the Park and Hotel Monte Vista, looking northward, rise the giant bulwarks of the Sierra Madre, broken only by the great chain of the Tujunga, which clefts in twain the pine-topped peaks which rise pile on pile through the range to the Mojave desert, some thirty-five miles.

From Monte Vista a trail runs to the summit of the highest peak overlooking the valley, and from this point, 5000 feet above sea-level, is one of the grandest views imaginable. Northward the rocky and rugged peaks of the Sierras rise in confused masses and here and there their precipitous sides are covered with forests of sugar pine. In years gone by many of the gloomy cañons whose lines can be dimly traced by the shadows, have echoed to the pick of adventurous prospectors, some of whom left their homes a prey to the mountain lions and coyotes. To the south and west lie the valleys of San Fernando and Los Angeles, with all the magnificent line of plains to the coast. Upon a cloudless day the islands off Santa Barbara and southward to Catalina are in full view, and every vessel passing up or down is plainly visible. The shipping at San Pedro and the whole coast line for a hundred miles seem to lie at your feet. Eastward and southward the San Gabriel valley, Pasadena, Pomona valley, Riverside, and the mountains of Temescal, San Jacinto and San Diego, with their infinite variety of light and shadow, present a picture once seen never to be forgotten. Around

THE MAGNIFICENT TUJUNGA PARK, which lies in the center of the old town site, cluster many romantic events. There, forty years or more ago, the old Spanish Don overtook his beautiful daughter and her lover in their flight, and, despite her pleadings, put him to the sword. Vasquez and Marietta, the famous robbers, here had their rendezvous and here buried vast sums of money, which is believed to be here still. So famous is the grand old park as a HEALTH RESORT that it has for fifty years been visited by the Spaniards, who credit it with being the abode of the Lady of Mercy. Spanish maids weave fanciful fairy tales of it for their charges, old men recall it as the scene of many a merry-making, and the señoras laugh as they relate again their conquests beneath the old trees whose shadows yet greet the advent of tender spouses and give grateful rest to the tired invalid. Handsome fountains will soon add new charms, where beautiful flowers will brighten the sombre hues and gladden the eyes.

But Go to Monte Vista.

SEE MONTE VISTA BEFORE YOU BUY ANY PLACE ELSE!

You can get the best of land, with or without water, at lower prices than anywhere in the county, when the value is considered. IT IS A PLEASANT DRIVE of two and one-half to three hours from Los Angeles, and you will find excellent hotel accommodations—good, new beds, good table, etc. You will find sign-boards every mile to Monte Vista.

### YOU CAN GO TO MONTE VISTA:

First—By stage from Los Angeles, which leaves Los Angeles on Tuesdays, Thursdays and Saturdays, from the office of the Monte Vista Company. Returning, leaves Monte Vista on Mondays, Wednesdays and Fridays.

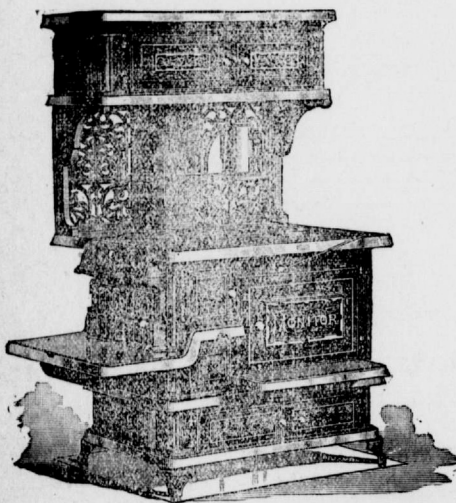

Second—By private conveyance, following the county road northward along the S. P. R. R. to, first, Glendale, Verdugo cañon and the south line of Crescenta Cañada, to the Summit, and thence to Monte Vista; or, second, follow same route as above, except just before Glendale is reached keep to the left and follow the railroad and county road to the north line of the Providencia Rancho, then keep the right hand road to the Big Tujunga Wash, then turn to the right and follow the road east through the valley to Monte Vista. This is a delightful road for the greater part of the year; in summer it is somewhat sandy, but not more so than the Verdugo road.

## NEWS NOTES.

Seven tramps were arrested early yesterday morning by the police at the corner of Los Angeles and Commercial streets and locked up.

Guistino Galiffa, an Italian about 40 years of age, assaulted the proprietor of the White House on Los Angeles street, at 2:15 yesterday morning, with a dagger. He was arrested by Officer Bosqui.

Mrs. Theresa Martanna, cook at 141 South Fort street, became insane yesterday afternoon, and had to be conveyed to the county jail. She seems to be unhinged on religion.

Michael Flynn says that he will be a policeman if Dr. French is Mayor. Mike would make a good policeman, but as French has already promised some four handsome men that they shall have positions on the police force, Mike's chance is poor.

A Santa Ana boy named Jimmy Cared has run away from home. He is 16 years old, weighs about 125 pounds, light eyes, brown hair and walks with a huddled walk. He is wanted by the authorities and is to be arrested when found. He wears a brown hat, blue coat and overalls.

A woodshed, in which there was also a servant girl's bedroom, on College street just above Buena Vista street, at the back of Mr. Chas. White's house, burned last night at 8 o'clock. The cause of the fire was a light left burning in the room, which communicated to some clothing. The damage will probably amount to about \$200. The servant girl lost all her clothing. The neighbors put out the fire before the arrival of the engine.

Be sure you vote the right ticket. If in doubt, read the list of names at the head of the fourth page of the Herald to-day.

## Personal Mention.

A. J. Raskins went north by train yesterday.

Mr. J. W. Johnston passed north yesterday by train.

Al. Hayman, advance agent for the Florences, returned to San Francisco yesterday.

A. W. Pate went north by train yesterday. He goes to San Francisco, and will later visit the Paso Robles Springs for his health.

Col. E. E. Hewitt will at an early day take a vacation of a few weeks for his health, which is not as good as his many friends desire.

Charles L. Northcraft had to forego the pleasure of killing a large number of ducks on Monday morning at the Ballona Club House, because he wanted to cast his straight Democratic vote at the White House precinct.

Be sure you vote the right ticket. If in doubt, read the list of names at the head of the fourth page of the Herald to-day.

## Ballade for Treasurer.

Democratic voters must soon their tickets carefully, as Mr. M. V. Biscailuz has had several thousand tickets printed, purporting to be regular Democratic tickets, but bearing the name of Oscar May for City Treasurer instead of P. Ballade. Mr. May is the Republican nominee, and for some little personal spite Mr. Biscailuz, who is of the same nationality and of the same political faith as Mr. Ballade, the Democratic nominee, opposes Mr. Ballade. As a matter of fact, this same Biscailuz has always opposed some man on the Democratic ticket. An election has never been called that he did not find Mr. Biscailuz fighting some one of the Democratic nominees. Mr. Ballade will take good care of the city money and he will be elected. The opposition of Biscailuz will not hurt Mr. Ballade to any great extent, but in the great hereafter, when Mr. Biscailuz asks the Democratic party to uphold him, he will find himself set down on.

## Be sure you vote the right ticket.

If in doubt, read the list of names at the head of the fourth page of the Herald to-day.

J. V. York on Dr. French.

The Express of Saturday says: "We are informed that J. V. York, who was a delegate to the Republican City Convention that nominated Dr. French for Mayor, is now working diligently for Mr. Workman, the Democratic nominee. York is a Republican, why is he trying to defeat the Republican ticket? If he is a Democrat, why was he in the Republican convention? Is it possible that a majority of people are for sale?"

To these allegations J. V. York answers that he is not "for sale" for any purpose, but that he is against Dr. French for Mayor, and for Mr. Workman for that position. He is in this attitude because of what he knows of Dr. French's acts when in the Council. J. V. York had business relations with Dr. French as Councilman, and from his experience of Dr. French in such relations, he thinks French an utterly unfit person for Mayor.

Mr. and Mrs. W. T. Florence.

It is pleasant to state that one of the largest advance sales on record at the Opera House is that for these great artists, and none who attend will ever regret it, for certainly there are no people on the stage more popular. Their plays are of that style of comedy which pleases all classes. On last Saturday night, in San Francisco, at the Baldwin Theatre, the citizens tendered to them a grand testimonial benefit; long before the doors were open every seat in the house was sold. Our people are never slow in showing their appreciation of true merit, as to-night's house will show.

## The Fifth Ward.

John Webber, the Democratic candidate for Councilman in the Fifth Ward, is a gentleman who has great interests there. He owns some forty acres of land, which need irrigation, and he is in favor of his neighbors having irrigation. The Fifth Ward must have a man who knows something about irrigation, and something about the wants of the ward. Such a man is Mr. John Webber. If he is elected, the Fifth Ward will have cause of congratulation.

Mr. Poindexter's special business will be: Management of properties, negotiating loans and general collections. He refers, by permission, to Los Angeles National Bank, First National Bank, and Los Angeles County Bank.

After January 1st, J. C. Byram and R. W. Poindexter will occupy an office in the new bank building, corner First and Spring streets, where Mr. Byram will continue his old trade of handling large ranches, and Mr. Poindexter will handle all business for subdivision and colony purposes. This has been his specialty for years, and Mr. Byram feels confident that parties buying of him will do well in the future as in the past.

## Pleasant Puentes.

We have visited the new Hotel Rowland at Puentes, and find it to be very nice indeed. It has elegant rooms and they are furnished first-class. The hotel is of the character that pleases all who visit it.

Mr. Sias, the proprietor, is very accommodating, and offers special inducements to families who wish to board during the winter. Puentes is situated on a sunny southern slope, thus giving it a grand view of the beautiful valleys surrounding it, and nature has arranged the hills so that the place is well protected from winds and frosts. The town has a natural drainage and is a very healthy place to reside in. Those wishing a healthy location cannot find a better one. The town site is attractive, and building boom will soon be lively there. Two trunk lines of railroad pass there, making it convenient to Los Angeles. We predict a town of considerable importance in the near future.
